

NEED-BASED ADMISSION · A FREEDOM FOUNDATION PROGRAMME

When recovery should not depend on *means*.

Need-based admission is fully donor-funded and reserved for families experiencing genuine financial hardship — **independently reviewed by the Freedom Foundation Financial Assistance Committee**. The clinical standard does not change. Placements operate on a separate waitlist; **wait times are unpredictable** and capacity is dependent on funding availability.

Who can apply.

All three conditions must be met. Clinical fit and financial need are assessed separately — by different teams — to protect both the integrity of the clinical decision and the dignity of the applicant.

1 Clinical fit

Your loved one meets HOR's five inclusion criteria: willingness, SUD diagnosis, medical stability, functional capacity, no immediate risk. The clinical bar is the same as for paying admissions.

2 Verified hardship

Demonstrated inability to afford private treatment, with documentation (income, dependants, prior medical bills, household context). Reviewed only by Freedom Foundation — not HOR clinical.

3 Community endorsement

A pastor, NGO, or recognised community body endorses the application and commits to supporting the family through admission and reintegration.

What is covered — same clinical standard.

Need-based residents receive the same medicine as paying residents. The clinical core is identical; what differs is the amenity profile and the one-to-one cadence.

- | | |
|---|--|
| ✓ On-site consultant psychiatrist (5 days/week) | ✓ En-suite shared accommodation |
| ✓ 24/7 nursing and supervised detox | ✓ 1:1 counselling — 2 sessions per week |
| ✓ WHO/UNODC clinical protocols | ✓ 1 family session per month |
| ✓ Daily group therapy (CBT, 12-step, faith) | ✓ Group chaplaincy — daily |
| ✓ Daily MDT case reviews | ✓ Daily fitness programme |
| ✓ Full discharge & aftercare plan | ✓ Mandatory pastoral interview with Pastor Tony Rapu |

Differences from paying tiers are matters of amenity and cadence — not clinical standard. There is no concierge admission, no private transport, no a la carte add-ons. Family-session frequency is lighter (1/month vs. 2–4/month). Catering uses the standard CookedIndoors menu. None of this changes the medicine.

The medicine doesn't change.

Same psychiatrist. Same protocols. Same nursing care. Whether you arrive through the paying pathway or through Freedom Foundation, the clinical relationship begins on equal footing.

How to apply.

A separate process from paying admissions. Financial fit and clinical fit are decided independently — financial fit by Freedom Foundation, clinical fit by HOR's psychiatrist. The two never see each other's notes.

1

Begin online

Free · About 20 minutes · houseofrefugeng.org/assistance

Start the Financial Support Form. No deposit required at this stage. You can save progress and return later if needed.

2

Submit form + supporting documents

Income · Household · Pastoral referral letter

Complete the form and upload supporting documents (PDF, JPG, or PNG — up to 10MB each). Routed directly to Freedom Foundation. HOR clinical does not see financial details.

3

Foundation review

Quarterly cycle · 30-day notification

An independent committee reviews on a quarterly cycle. You'll receive a written notification within 30 days of cycle close — by phone and email.

4

Clinical assessment

If financially approved

Psychiatrist consultation + the 9 pre-admission lab tests, the same clinical pathway as paying admissions. Written decision within 5 working days.

5

Pastoral interview · Pastor Tony Rapu

Mandatory · Patient and family attend together · Booked by admissions

A mandatory discernment conversation with **Pastor Tony Rapu**, founder of Freedom Foundation. Required for every admission regardless of pathway. Booked by the admissions team after clinical clearance.

6

Admission

On full clearance and bed availability

Phase One — Medical Stabilization — begins. The treatment plan, family touchpoints, and aftercare are identical to paying admissions.

DOCUMENTATION NEEDED

- Completed Financial Support Form (online)
- Recent income or payslip documentation — or signed declaration if no formal employment
- Statement of dependants and household composition
- Pastoral or community endorsement letter
- Voluntary self-assessment (the same intake form completed by paying admissions)
- Recent bank statements (last 3 months) where available

CONFIDENTIALITY

Financial Support Forms are reviewed **only by Freedom Foundation**. HOR's clinical team does not have access to financial details. Sponsored residents are **not identifiable** to other residents or staff outside the admissions process. The clinical relationship begins on equal footing with every paying admission.
