

A FREEDOM FOUNDATION INITIATIVE · OPENING 1 AUGUST 2026

When your family needs *more than hope.*

A 19-bed residential drug rehabilitation centre in Lekki, Lagos — where international clinical standards and faith-integrated recovery work in partnership. Twelve weeks. A clinically-led programme. A son or daughter who comes home whole.

CORE PROGRAMME

Daily

ON-SITE MEDICAL
DIRECTOR

24/7

NURSING & SUPERVISED
DETOX

Two paying tiers. One clinical standard.

Same Medical Director, same visiting psychiatrist, same protocols, same nursing, same WHO/UNODC framework. What you pay for is privacy, amenity, and the rhythm of one-to-one contact — never better medicine.

A NOTE ON FINANCIAL ASSISTANCE

Need-based admission is available to families experiencing genuine financial hardship. Reviewed independently by the **Freedom Foundation Financial Assistance Committee**. The clinical standard does not change. These are a limited number of donor-funded places within the 19 beds — not additional capacity. Separate waitlist with unpredictable wait times; extremely limited. Apply at houseofrefugeng.org/assistance. Sponsorship inquiries: **0911 277 7600**.

A DEVICE-FREE ENVIRONMENT

No mobile phones, computers, or personal digital devices are permitted at the facility for the duration of the residential programme — a deliberate part of creating a focused, distraction-free environment for recovery. Staying connected with family is coordinated through the programme's structured family sessions.

How admission works — six stages.

Six stages between your first call and your loved one's first day. Each is documented; nothing happens behind closed doors.

1 Self-assessment Free 30-min online intake. Substance, medical, family, and willingness context.	2 Deposit NGN 1,000,000 invited after review. Split into 400k + 600k (below).	3 Clinical assessment Visiting psychiatrist + 10 lab tests within 7–14 days.
