A NOTE ON FINANCIAL ASSISTANCE

Need-based admission is available to families experiencing genuine financial hardship. Reviewed independently by the **Freedom Foundation Financial Assistance Committee**. Separate waitlist with unpredictable wait times; fully donor-funded with extremely limited capacity. Apply at houseofrefugeng.org/assistance. Sponsorship: **0911 277 7600**.

- Refundable in full if you withdraw or we decline
- Refundable if no bed opens within the hold period

Held — never consumed unless you admit.

Payment & admission terms.

From self-assessment to admission day, the cadence and rules of payment are published in advance. There are no surprises and no hidden fees.

Self-assessment	Free online intake form (~30 minutes). Required prior to deposit invitation.
Deposit	NGN 1,000,000 invited after self-assessment review. Split: 400k assessment fee + 600k held toward Month 1.
Clinical assessment	Completed within 7–14 days of deposit. Visiting consultant psychiatrist consult + 10 lab tests. Decision returned within 5 working days, with written reasoning.
Pastoral interview	Mandatory. An assigned pastor from the HOR chaplaincy team meets with patient and family. Booked by admissions after psychiatrist clearance.
Active waitlist	If immediate admission is not available: 6-month active hold, renewable. Monthly check-in by admissions team.
Admission	600k applied to Month 1 fees; balance settled before admission day.
Billing cycle	Monthly in advance. Invoice issued on the 25th. 5-day grace period before bed is released.
Instalments	3-month programme may be paid as 3 monthly instalments. Months 2 and 3 settled 5 days before commencement.
Annual price review	Fees reviewed each January. Residents in active treatment receive 60 days' written notice of any adjustment.

Refund policy in plain language.

We refund every Naira not yet earned. The full table is below — published, not in the small print.

If...	Then...
Within 48 hours of paying the deposit, family changes mind	Full NGN 1,000,000 refunded
Family withdraws between 48hr and the psychiatrist consult	600k refunded ; 400k retained for clinical work
HOR psychiatrist clinically declines admission	600k refunded + written referral; 400k retained
Family withdraws more than 14 days before admission day	600k refunded
Family withdraws within 14 days of admission day	50% of 600k refunded; 50% retained as bed-hold cancellation
HOR cannot offer a bed within active waitlist hold	600k refunded ; 400k retained
Family withdraws voluntarily during waitlist hold	600k refunded in full, anytime
Family declines a slot offer once made	600k refunded ; place released, no haggling
Within 72 hours of admission, resident withdraws	80% of total Month 1 paid; 400k not refundable
Withdrawal after 72 hours of admission	No refund (no exceptions)
Medical discharge after Month 1 (clinical reasons)	Months 2+ refunded pro-rata

Active waitlist mechanics.

A 19-bed facility means there will be times when no bed is immediately available. The active waitlist exists to make the wait fair, transparent, and reversible at any moment.

- **Active hold lasts 6 months.** Renewable on family confirmation if they wish to keep waiting.
- **Monthly check-in.** Admissions team contacts the family each month to confirm continued interest. Two missed contacts = automatic waitlist removal + 600k refund.
- **Voluntary withdrawal** at any time during the hold = 600k refunded in full.
- **Single declined slot offer** = removal from waitlist + 600k refund. No haggling.
- **Re-assessment after 6 months** = NGN 100,000 (lighter cost on a known clinical case).

Why we hold the deposit through the wait

Holding the 600k while a family waits is not a mechanism to keep their money — it is the mechanism by which they keep their place in the queue. Releasing the deposit means releasing the slot.
